EMPIRE DAY MARKED BY PATRIOTIC DEMONSTRATION

Empire Day, Tuesday, May 24th, will long be remembered by those who were privileged to attend the demonstration held in Blaimore.

Promptly at noon, the West Canadian Collieries' band under Conductor George Goodwin, paraded towards Coleman, and at the west end of the town met Coleman citizens, about one thousand strong, and escorted them to east Blaimore, where the mammoth procession was formed in the following order: Royal Canadian Mounted Police patrol, the Canadian Flag, representatives of B.E.S.L. No. 7, the District Council Boy Scouts Association's representative; the district secretary, Rev J. S. Partington; district commissioner, J. W. Gresham; parade marshal, J. W. Whitehead, His Worship Mayor J. T. Farmer and members of the Town Council; Boy Scouts of Blaimore, Hillcrest, Coleman and Bellevue; Girl Guides of Blaimore, Coleman and Michel; Wolf Cubs of Blaimore, Hillcrest and Coleman; Blaimore Brownies, School Children, Blaimore I.O.G.E., Citizens of The Pass; Fire Brigade (decorated), decorated cars (dealers), decorated cars (citizens), and decorated bicycles. It is estimated that those taking part in the demonstration would number at least 2500.

Headed by the band, the procession headed west along Victoria Street to the extreme west end of the town and extended a mile and a half. On arrival at the sports field, they formed into a square, when a very interesting ceremony took place, that of dedicating flags to the Blaimore Troop of Boy Scouts. The flags were presented by Mrs. F. M. Pinkney and Mr. E. W. H. Pinkney and handed over for dedication, to be presented to the troop for safe-keeping. Mr. G. Hills, secretary, and Mr. G. Snod, assistant secretary, received them on behalf of the troop.

Following this was a presentation to Patrol Leader Tom Crowder, of "The Scout Ring," by Mr. J. W. Whitehead, for having attained the highest marks in efficiency for the past year.

The Wolf Cubs of Blaimore gave a display of the combination of our flag. This was very well done and received loud applause from the spectators. Another party gave a signalling display. Great credit is due the young boys for their efforts and perseverance in attaining such efficiency in their work.

In making presentation of the flags, Mr. E. W. H. Pinkney delivered an eloquent address, outlining the future in store for the young people of our district who had taken such an interest in the Boy Scout and Girl Guide movement, which he claimed would make of them good Canadian citizens and worthy representatives of our great empire.

His Worship Mayor Farmer introduced the speakers of the evening, Mr. J. E. Gillis, B.A., and Mr. J. W. McDonald, K.C. (of Macleod), both of whom delivered stirring discourses on Canadian Citizenship. At the conclusion of the speeches, the "National Anthem" and "O Canada" were sung by the huge gathering to the accompanying strains from the band.

The Coleman section of the king, are worthy of special mention for turning out in such large numbers, and the members of the band deserve heartfelt thanks for assisting to make the parade and the day's proceedings a success.

Races for children terminated the programme. Many citizens took great interest in competing to see who could put out the best decorated car; also in decorating store windows and buildings, the whole tending towards making a happy union of forces of law and order.

The parade was the largest ever held in the Crown's Nest Pass, and, as stated by Mr. McDonald, demon-

strated beyond the shadow of a doubt that true loyalty to Country and Flag existed in this district, despite what Communists and disloyal propaganda would say to the contrary. We have of late seen many flags which are foreign to our general principles and well being in general, that it was quite apparent we as citizens should endeavor to show our hands and display in a definite form how we stand. There was certainly no question as to the results of that effort, which exceeded all expectations.

A much larger programme was scheduled, but had to be cancelled owing to the very inclement weather.

GIRL GUIDE MOVEMENT IN BLAIRMORE

Within the last month the first Blaimore company of Girl Guides and, first Blaimore company of Brownies have been successfully organized with 47 girls from twelve to sixteen years as Guides and 20 girls from eight to twelve years as Brownies.

Mrs. Borden, of Coleman, kindly assisted in organizing the movement here, speaking only before a meeting of ladies called to organize a "Women's Association," the first step in formation of Guides. Mrs. T. Hills was elected president of this association, which sponsors the work of the captain and lieutenants.

Mrs. Alex. Granger is in command of the Guides as captain, with the able lieutenants, Mrs. E. A. Harper, Mrs. N. Khyas and Mrs. D. Macallister, while Mrs. L. L. Morgan is "Brown Owl" in charge of the Brownies, with Miss Ivy Snod as "Tawny Owl." With these admirable leaders in charge, the Guides are bound to become a real force in our community.

The object of the movement is to train girls not only to take the place of present leaders, but primarily to prepare them to be future mothers of the race. To this end the principles of discipline, loyalty and good citizenship are emphasized in all their activities.

Around the world this month Girl Guides in 43 countries are observing the twenty-first birthday of the movement in various ways, and during the twenty-first birthday week, May 23-30, each individual Guide will be thinking of her million other sisters who circle the globe. Girls of all nationalities, all creeds and all types, one and all are sisters through the Guide Law, which makes a Guide a friend to all and a sister to every other Guide.

The keynote of Guiding is service and community service, which is the highest ideal of citizenship, is part of Guide company work in many districts. Guides help in many ways, such as cleaning, painting churches, assisting at baby clinics, rolling band aids for local hospitals, visiting the sick, entertaining those in homes for the aged, providing fuel, food and clothing for needy families.

Guiding is becoming a real influence in Canadianizing the children of the foreign settlers, as it merges the diversified languages, customs and creeds of our sixty-six races in one united effort to show loyalty to the king, and a fixed determination to be worthy of Canadian citizenship.

Freeman Lank met with a painful accident on Wednesday, May 4th, while hauling a load of stakes for fencing. In driving over a rough place, the wagon gave a lurch and he was thrown to the ground and received a severe cut on the head, severing an artery which resulted in quite a loss of blood. Dr. Johnson was summoned and dressed the wound, putting in some stitches and we hope the patient will have a speedy recovery. Upper Bass River item in Truro Weekly News. Mr. Lank formerly resided in Blaimore and Cowley.

"STREET SCENE"

The background of Elmer Rice's drama, "Street Scene," which shows at Cole's theatre, Bellevue, this week end, is one of those rusty brownstone so much tragedy and pain and sorrows of Manhattan's West Side. In the one block there are the Mastrantes, Adam, thick-knitted, insensitive, sullenly complacent and provincial, the Joneses, with their self-sufficient, his wife, hungering for kindness, attention, "someone to talk to," adoring her daughter, Rose, a modern girl, "straight," and wise and knowing; the Kaplans, the cynical Jewish socialist, called a Bolshevik by his neighbors; Shirley, his school-teacher daughter; Sam, the son, a law student, trying to read a purpose into life and to understand the need for and, among the figures that adorn the landscape.

WORLD HAPPENINGS BRIEFLY TOLD

Practically all the pool elevators in the Prince Albert division of the C.N.R. will contribute towards the 2,000,000 bushels of wheat to be gathered soon for shipment via Churchill.

Veterans of the Riel Rebellion resident on the coast have organized a fraternal society to be known as the Northwest Field Force of 1885 Veterans Association.

Paying homage to the memory of his old comrade, Lord Byng, former commander of the Canadian Corps, deposited a wreath on the Altar of Remembrance in the Memorial Chamber at Ottawa.

Al Cheesman, native of Saint John, who served as pilot for Sir Hubert Wilkins' south pole flight three years ago, has been invited by Sir Hubert to take the controls again in a new expedition to the south pole.

Going into a side slip at an altitude of about 1,000 feet as the pilot was preparing to land, a mail plane of the United States crashed and burned at Burbank, California, causing death to its two passengers and pilot.

Lieut. Gen. Lord Robert Baden-Powell, defender of Mafeking in the South African war, held a private luncheon in London, England, May 17, to celebrate the 32nd anniversary of the relief of that little town by Field Marshal Lord Plumer, then a colonel.

Believing one hour of personal contact was worth six months of letter writing and tons of printed matter, the Scottish Trade Mission has come to Canada to talk business, the Duke of Montrose, hon. president of the mission, told the Canadian Club at Montreal.

Canadian Banking System

U.S. Senator Praises System Here in Comparison With That of United States

The happy position of Canada's banking system as compared with that of the United States was dramatically placed before the United States senate by Carter Glass, of Virginia, former secretary of the treasury.

Glass was pressing his revision of the banking laws to permit branch banking in the United States.

Canada, he said, had not had one single bank failure "during this frightful depression," while in the United States 5,000 banks had gone under with losses during the past two years to depositors of \$5,500,000,000.

For years treasury and currency experts have been attempting to get congress to permit branch banking. Their efforts have been so far successfully opposed by representatives of smaller communities and farming areas who believe in individual and personal banking.

Necessary Information

A teacher gave the following problem to her pupils: If a woman gathers five eggs a day, how many eggs would she gather in a week? After studying a few minutes, William, with a pained look finally asked:

"Miss—do hens lay eggs on Sunday?"

Plan Trade Drive

Ontario To Place Sales Representatives In Winnipeg, Montreal and Maritime Provinces

As part of an intensive drive to secure a greater share of the Canadian market, the Ontario Department of Agriculture is placing sales representatives in Winnipeg, Montreal and Maritime Provinces. It was announced by Hon. T. L. Kennedy, Minister of Agriculture.

The duties of these representatives, who will work through the agricultural council, will be to keep the department informed as to conditions in the various provinces, the volume of sales of Ontario agricultural products and the best means of increasing those sales.

Col. Kennedy declared that the government was launching a drive for more markets and that up till now much of the effort had been directed toward securing a better foothold in the British market. There was a big field for Ontario products in the other provinces of Canada, the minister believed. As to the British market, the Ontario Government already had a representative in London and at the present time W. B. Bonarrest, chairman of the agricultural board, was in the Old Country in the interests of Ontario trade.

Anti-Aircraft Gun

French Have Invented Gun That Will Hit Target Seven and One-Half Miles High

That a new anti-aircraft gun can bring down an attacking bomber seven and one-half miles up in the air, is the claim of those conducting tests on the Riviera coast, near La Seyne, France. The secret of the gun's construction is jealously guarded by the firm whose engineers planned it. Anti-aircraft guns have previously proved effective at a height of about three and one-half miles, but modern aircraft can attain much greater altitudes. In the experiments of La Seyne an aeroplane, with pilot and mechanics, ascended seven and one-half miles towing, suspended 1,000 feet beneath it, a target on which the anti-aircraft gun opened fire with live shells. Aviation, military and navy men of Europe are watching the tests.

JATTON

A VIVACIOUS SHORT SLEEVED BLOUSE ALL DOTTED WITH SPOTS

Dots run their gay way all over Paris, their favourite expression being in blue and white of nautical influence.

It was this scheme that made this chic little waist-coat type blouse in washing silk.

It's so simple—youthful and so attractive. The playful artist's tie is of plain blue to match the spots. Aren't the sleeves darling? And note how it is fitted to the waistline. It's the easiest thing in the world to fashion it. And as for the cost, you'll be amazed at the enormous saving over the original.

Handkerchiefs and sports linen will make up beautifully in this model.

Style No. 414 is designed for sizes 14, 16, 18, 20 years, 30 and 38 inches bust. Size 16 requires 1 1/2 yards of 39-inch material with 1 1/4 yards of 4-inch ribbon.

Price of pattern 25 cents in stamps or coin (coin is preferred). Wrap coat carefully.

Scotland's Exhibition Ship

Enterprise Is Shown By Prominent Business Men From Glasgow

Scotland has again displayed her traditional enterprise by sending out to Canada the largest and most varied aggregation of Scottish products ever made, on the Anchor-Donaldson line "Letitia."

The steamer was used as an exhibition ship for over a hundred different products of Scotland, ranging from bagpipes to hollers. About eighty of Scotland's most prominent business men accompanied their exhibits and the Trade Mission was headed by His Grace The Duke of Montrose.

The object of the exhibition was to foster closer trade relations between Canada and Scotland. The Corporation of Glasgow, which has fitted up the steamer, has a long and varied history to look back on.

Glasgow is the heart of British trade to Canada, the connecting of the Clyde with Canada is of old date. John Galt, the novelist—a Greenock man, and a contemporary of Sir Walter Scott—was one of the makers of Ontario, and the city of Galt is named after him. In 1819, Captain Alexander Allan, founder of the Allan Line, of Glasgow and Montreal—now merged into the C.P.R.—made his first voyage from the Clyde to Quebec. In Glasgow, in 1859, was founded the Donaldson Line, now linked with the company to which the "Letitia" belongs.

The official history of Empire Trade begins with 1783. In that year was founded the first Chamber of Commerce in the British Isles—namely the Glasgow Chamber of Commerce, which is closely identified with the "Letitia" exhibition.

The founder of the Chamber was a pupil of Adam Smith, in Glasgow. Lord Provost Patrick Colquhoun, L.L.D., who afterwards won European fame as an economic publicist, and who was a prominent in Sir Margaret's, Westminster.

Glasgow as a Cathedral city dates from the time of her patron saint, St. Mungo, in the 6th century. Her great university is close on 800 years old. Not long after the Reformation Glasgow's population was nearly 15,000. It was reduced to under 11,000 in the Covenanter Wars, and by the Darkest disaster at the end of the 17th century.

Scotland's object in the Darien Expedition, the story of which has been finely told by a Glasgow historian, D. G. P. Innes, was to establish a great trading emporium in Central America. Spain was hostile, and the English Government was unfavourable. Scotland lost hundreds of lives, and most of her spare capital. One of the fleets sailed from the Clyde, and Glasgow merchants lost heavily. The failure of the Darien Expedition, however, had much to do with the opening of trade between Scotland and the English Colonies and soon after the Union with Virginia and other American Colonies, by 1760, they had secured a very large share of the European tobacco trade, and the population of the city had risen to \$3,000.

Those Glasgow Virginia merchants were the "tobacco lords" who wore a distinctive and magnificent costume, including a scarlet gown. They owned many ships, and had large estates on the Clyde and on the Potomac. One family still represents near Glasgow, were neighbors of George Washington on the banks of the River James, and called their Scottish estate Mount Vernon. An American War of Independence ruined the "tobacco lords and well-to-do."

A complete fishery exhibition will be part of this year's agricultural show at Grimsby, England.

More than 200,000 goats and sheep are being raised on the Aegean Islands.

COLIC

"Really, I think BABY'S OWN TABLETS are wonderful," writes Mrs. Allan P. MacDonald, Northfield, Ont. "My baby has no more colic pains. Don't let your baby suffer—give BABY'S OWN TABLETS. For colds, fever, upset stomach, constipation. Absolutely harmless. 25c 23c

BABY'S OWN TABLETS

ruined Glasgow. It was then, amid disaster, that Glasgow set herself to deepen the Clyde for ocean traffic, develop the industries that had been subsidiary to shipping ventures, work the coal and iron of Clydeside on a big scale, and extend her trade over the world.

These energies were co-ordinated by the establishment of the Chamber of Commerce, which set up a Glasgow House in London and at Ostend, and began at once to exercise a powerful influence in Scottish and British trade. Glasgow—never looked back after 1783. With the launching of the "Comet" in 1812, she began her great career as a ship-building and engineering centre.

Today Glasgow has a population of well over a million. Her technical versatility is endless. Some 2,000 different kinds of enterprises are represented by her Chamber of Commerce and the commercial and industrial bodies affiliated with it. The Chamber of Commerce Battalion, raised at the outbreak of the War, had a splendid record. Recently the Chamber, with the Glasgow Corporation, organized the Glasgow and District Development Board; the largest of the regional boards affiliated with the Scottish National Development Council, and the Board is doing good work in encouraging the establishment of new industries throughout an important industrial area with a population of well over one and a half million.

Report Is Satisfactory

British Boys Working At Coast Are Making Good

Thirty-two of the fifty boys brought out from Britain in 1930 and placed on farms and in homes in British Columbia are making good in their new homes, according to information received at the Parliament Buildings, Victoria. Eight returned home, seven have disappeared and one has had trouble with law officers.

The scheme has been in force for some years in other parts of Canada and is under the auspices of the imperial dominion and provincial governments or some responsible organization. The boys brought to British Columbia were taken in charge by Dr. W. H. Geddes, colonization commissioner of Vancouver, who has made periodic inspections of their homes, seeing that they are properly cared for and recording progress made by them. No boys were brought out in 1931 and none will arrive this year.

A complete fishery exhibition will be part of this year's agricultural show at Grimsby, England.

More than 200,000 goats and sheep are being raised on the Aegean Islands.

SUNDAY SCHOOL LESSON

MAY 20

JOSEPH THE DREAMER

Golden Text: "Take thought for things honorable in the sight of all men."—Romans 13:17.
Lesson: Genesis 28:1-11.
Devotional Reading: Proverbs 3:1-4.

Explanations and Comments

Joseph's Troubles With His Hilarious, verses 14-21. The phrase "These are the generations of Jacob," means, "Here begins the history of Jacob's descendants (especially of Joseph)." Jacob was living quietly at Hebron, Joseph, the elder son of Jacob and Rachel, is a lad of seventeen when he comes into the picture. Joseph was a lad with the sons of Bilhah and with the sons of Zilpah, an expression which Bilhah understands as meaning that he was their attendant, their subordinate. Of course trouble would arise, for Bilhah and Zilpah were bondswomen and naturally jealous of Rachel, and their sons would just as naturally be jealous of Rachel's son. Joseph's task was to help these half-brothers feed the flock, for whose pasturage they were obliged to wander far and wide.

Joseph brought his father an evil report of these men. "We are not obliged to suppose that Joseph was a gratuitous tale-bearer, or that when he carried their evil report to his father he was actuated by an unworthy spirit. That he very well knew how to hold his tongue no man ever gave more adequate proof; but he that understands that there is a time to keep silence necessarily sees also that there is a time to speak. And no one can tell what torture that pure young soul may have endured in the remote pastures, when left alone to withstand, day after day, the outrage of these coarse and unscrupulous men, that he should have been able to keep his peace."—Dods.

Another cause of trouble was the father's favoritism. Jacob had good reason to prefer Joseph to his brothers. Joseph was a "goodly person and well-favored," he was affectionate, obedient and diligent, ever ready to do his father's bidding. His brothers were fierce, sour, morose men. Jacob could not help loving Joseph the most, but he could have kept from showing his preference. All children have equal claim upon a parent's care. Duty, common sense, reason should have guided Jacob in the treatment of his children; instead he was guided by his heart alone.

Jacob showed his partiality by giving Joseph a coat of many colors, thought to have been a sort of magisterial robe, such as was worn by those in authority, or by the rich who did no manual work, and in that case a virtual sign that Joseph, the next to the youngest of twelve sons, was given the birthright, the position belonging to the eldest. This lovely attire was always in evidence, and the brothers hated him and could not speak peaceably unto him.

From bitterness preserve me, Lord, Against the strokes of envy's sword Help me to hold my way And grant my soul sufficient grace To gladden at another's prize, And look upon his eager face With sympathetic eyes."—Henry Robinson Palmer.

Might Be Good Idea

The Bradford Expositor is right in referring to them out near Nelson as "Doukabothers." Instead of deporting these nuisances why not send them up to live with the Eskimos and let them practise their denuding skills. Either mosquitoes or the Arctic cold would make it just too hot.

Fully 25 varieties of spring wheat are grown in Western Canada.

Thousands of starlings have been swarming in English waters this year.

"YEARS CAN BRING YOU ADDED CHARM!"

SAYS JACK HOLT

"Some women seem to grow more charming every year," says Jack Holt. "Birthdays only add to their charm!"

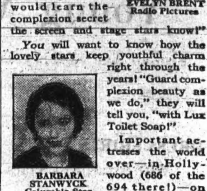

"Here to Hollywood you see them every day—actresses still every bit as youthful as they were years ago, more poised, more irresistible than ever. Still the idols of an adoring public!"

"No matter what her age, a woman who has the grace of a young girl, the charm of youth is always attractive."

"I should think that every woman who would learn the complexion secret the screen and stage stars know!"

You will want to know how the lovely stars keep youthful charm right through the year! "Guard complexion, beauty as we do," they will tell you. "With Lux Toilet Soap!"

Important accents the world over—in Hollywood—686 of the 684 the cell—on Broadway—in Europe—depend on this fragrant, amazingly white soap for every type of skin. The career of dollar-a-minute French soap for 10c.

BARBARA STANWELL
Columbia Star

Diet Announced As Cure

Celiac, a Childhood Disease, Requires Only Good Food As Treatment

A cure for celiac disease without a drop of medicine was reported to the American Medical Association at New Orleans. Diet alone does it.

This disease is one of the pitiful ills of childhood, causing retarded growth, serious stomach disorders, growing weakness and, when too long neglected, almost certain death.

Predisposition to relapse had made it difficult to cope with. Dr. Sidney V. Haas of New York City, said there has not been one recurrence.

The treatment is an example of the rapidly-developing science of finding in two or three common-place articles of food a regulator that enables the body to convert the entire diet into its natural "medicine."

One cause of celiac disease is a peculiar form of sugar starvation. No matter how much sugar a child eats the system cannot assimilate it, and the sweet only makes them worse. Dr. Haas found the sugar in ripe bananas can be eaten freely and that in the children's bodies it converts ordinary sugars into an agreeable form.

Has Plenty Of Variety

Missionary Sent From West Indies To North Of Scotland

Life is just one extreme after another for the Rev. Frank Jarvis, Church of England missionary, one of the 122 passengers arriving at New York on the Munson liner "Munargo."

After four years of basking on Cat Island, in the West Indies, he goes to Thrusso, in the extreme north of Scotland, where it is cold and misty the year round.

"But," he said laughing, "I'm glad of the change, because life does require some variety." He tried without much success to interest some of the negroes in Latin and Greek.

C.N.R. Radio Broadcasting

Radio broadcasting cost the Canadian National Railways \$441,082, in 1929, the House Committee on railways and shipping was advised, but only \$114,000 is to be spent in 1932. The gross figures for 1930 were \$420,000 and for 1931 \$325,248. There was a certain amount of revenue from rental of facilities, and tolls to the Canadian National Telegraph, in addition to the advertising benefits which could not be reckoned in dollars and cents.

NO PLACE FOR YOUTH

What are the new crop of student graduates from high schools and universities going to do? Where is there a job for them to do, a niche in which they might fit?

These boys and girls have been extensively trained—costly to the taxpayers in general and to their parents in particular—and now they are ready to set out in life. And there is no place for them to go!

It is tragedy enough to see an adult without work. But the adult has been knocked around for years and has seen the colors fade from his youthful rainbow. But here are young boys and girls starting out under a bow of crepe. Not for them the keen sweet joy of bright, adventurous hope! They are launched into a world suffering under the worst depression history has recorded. They see gloom and suffering, hardship, unemployment and privation on every side.

The youth of today are unfortunate. They are as deserving of sympathy as any group of young people ever were.—Hanna Herald.

PAY THOSE SMALL DEBTS

John Citizen and his wife, and the average merchant, or business man, in this or any other city will tell you that the great trouble with us today is the lack of money in circulation. And there is no doubt it is, says the Courtenay Free Press.

Most of the merchants will tell you that they have hundreds of dollars owing them in small accounts—not amounts like \$25 to \$50, but little things like \$1.25 to \$2 that must be kept on the books.

Of course, there are many of us who like to keep a certain amount in the bank, feeling that in times such as these it is well to have something in reserve. But there is no doubt that if small debts were paid, we should at least put a certain amount of money back into circulation.

There has been more hardship recently than for years past. But the man who cannot afford to settle a \$1.50 debt must be indeed hard up.

If we place that money in circulation it will not be hoarded by the merchant, but it will be used to pay his clerks, his taxes, his water and light bills, his rent, and one hundred and one other things.

Let us pay to the best of our ability. It will certainly help things locally.—Ex.

LET THEM GO BACK, SOON

A minor hue and cry has been started against the Dominion government for its rather ruthless methods of handling Communists. The "reds" are being grabbed from their homes, hustled to Halifax and deported. Breach of immigration regulations is the commonest basis for deportation.

While we believe in free speech and a sturdy independence in the citizenship of our country, the trouble the Communists have been fomenting has been so serious that firm treatment appears necessary. The stability of government comes first.

Communists caused trouble in Calgary last fall until stern police action stopped them. Communists threatened trouble in Ottawa when parliament first assembled, but military precautions prevented its development. Communists, under a labor cloak, are ready to start real trouble in any portion of this country that they can, and they will keep up this attitude until effectively stopped.

Canada doesn't want the type of communism the "red" leaders of this

country offer. We could do with a communism that is based on "each for each and all for all" but that is a development that will not be reached through riots and disturbances. So most of us are not sorry to see these "red" leaders sent back to their home countries. Let them develop their particular kind of communism in the country in which they were born.—Hanna Herald.

RADIO CONTROL ASSURED

Canada is now practically certain to have a nationally controlled radio broadcasting system. The report of the parliamentary committee presented to the House of Commons last week recommends the establishment of a paid federal commission of three members to direct the operations of the proposed new system, and the gradual erection or acquisition of such stations as will be necessary for complete coverage of all Canada. The report was signed by every member of the commission and gives evidence of very careful study, breadth of vision, and intelligent grasp of the radio broadcasting situation. After most of the witnesses had been heard, the commission called in, Mr. E. W. Beatty, president of the Canadian Pacific Railway. Mr. Beatty, who was quite natural, did not believe in national ownership, but favored placing the monopoly in private hands. Legislation which will embody the report is considered to be a matter of course and those citizens who really care about the future of the Dominion have already experienced a deep sense of relief and thankfulness. There remains much to be done, and a great deal of the success of the venture will depend upon the calibre of the commissioners chosen to carry it through. A foundation stone is being laid here, and it is not for any temporary shack but for a great patriotic structure in a scheme of national building.—The N.W. Outlook.

HUDSON BAY ROUTE

STILL UNPROVEN

Canada's great experiment in the building of the Hudson's Bay grain route comes in for a lot of criticism in an article recently published in Maclean's Magazine.

The author claims the building of a four million dollar elevator at Fort Churchill was a huge piece of folly in that it was unnecessary to build an elevator at all as the trial shipments of wheat could have been made with sacked grain, and even if an elevator had been necessary, one costing half that sum would have answered the purpose.

There is a deal of truth in the argument, for the wheat shipping experiment could have been made without building such elaborate and costly facilities for handling the grain.

That the route would be practical has never been proven, and the cost of the great experiment should have been kept at as low a figure as possible until its practicability had been sufficiently demonstrated.

Last fall two ships successfully made the journey with loads of wheat from Fort Churchill to England. They made the voyage without mishap, although one Maritime legislator claims they got through "by the grace of God."

The length of time navigation is open for grain steamers, the quantity of wheat that can be delivered and loaded into ships during that period, and the interest and depreciation and operating charges on the huge elevator are factors which must be considered before it is demonstrated that the Fort Churchill grain route is a practical one.

In the meantime the great experiment is costing the people huge sums of money, and the government is considering the expenditure of other vast sums in the building of a rival route—the St. Lawrence Waterways plan.

Canada is paying dearly for her publicly owned commercial facilities.—Ex.

DEWS

Dew is sort of a wet blanket provided by nature.

Dues are a sort of a wet blanket provided by our constitution.

After the dew has been absorbed by plant life the result is beneficial.

After the dues have been received by the secretary the result is wonderful. Even the fellow who paid feels better.

If you are not feeling so good just now, due to non-payment of dues, why not pay up and you are due to feel better if you do.

Dew—dues—do.—The Canadian Elk.

Wanted, experts that can tell the ages of some of the Blairmore girls by the color of their hair.

The annual convention of the Alberta Elks' Association will be held at Sylvan Lake on June 3rd and 4th.

Mamie V. Hill, of Coleman, was one of a large number of nurses to graduate from the Holy Cross hospital at Calgary on Monday.

The Lethbridge Fair Board has been granted \$1500 by the federal department of agriculture towards their 1932 exhibition to be held in July.

According to the current issue of the Alberta Gazette, the village of Pincher City has been dissolved and the lands within the boundaries of it have been added to the Municipal District of Krr.

Local and General Items

Over one thousand school children competed at the recent musical festival at Edmonton.

Mrs. D. Walker and little daughter will be leaving Sunday next on a visit to Mrs. Walker's home in Scotland.

Around fifty mounted police are encamped here, near the arena. The arena is being used as a shelter for their horses.

An exchange says in a heading: "Mrs. McKinney Hung in Ladies' College." It meant to say that her enlarged portrait was hung there.

J. D. S. Barret, formerly in charge of the destinies of a paper at Coleman, has taken over the publication of the Holden Herald in Alberta.

The service at the United church on Sunday evening last was in charge of Mr. John Shevel, of Bellevue, who delivered an able discourse.

Mr. and Mrs. Alphonse Fabro returned to Kimberley on Saturday, after several days' visit here with Mrs. Fabro's mother, Mrs. Pozzi.

In the senior violin solo class at the provincial musical festival at Edmonton, Verdun Leigh, of Calgary, formerly of Cowley, attained first honors.

Tony Schmiedl, junior, editor-in-chief of the Bellevue high school magazine, "The Triangle," has been confined to his home through illness.

George Walton, general passenger agent of the C.P.R., died on the Empress of Australia while enroute from Montreal to England.

Communists are blamed for the fire which destroyed the French passenger liner Phillippar with the loss of over one hundred lives.

Amos and Andy have complained that things wouldn't be so bad if hard times hadn't come along right in the middle of the depression.

The Macleod school board has decided upon a general reduction in the salaries of teachers of the public and high schools, to take effect at the commencement of the fall term.

A court house building in Newfoundland, in which we were born upwards of twenty-five years ago, is being demolished to give place to a monster war memorial. The building was erected in 1875.

Among those who let the public know through speechifying just how intelligent they were on Monday, May 23rd, were Archie Fraser, John Stokulak, Harvey Murphy and Frank Leary.

Government of the Province of Alberta

FUEL OIL TAX ACT

Important Notice

The new Provincial Act imposing a tax of .05c per gallon on Fuel Oil Sales is now in force.

All Refiners of oil, and all Dealers, wholesale or retail, including operators of filling stations, garages or other places of business, where oil is sold or kept for sale, and persons peddling or selling by retail from vehicles, wagons or trucks must:

SECURE LICENSE BEFORE JUNE 2, 1932

Application forms for license should be obtained at once from Wholesale Oil Companies, or from the office of the
DEPUTY PROVINCIAL SECRETARY EDMONTON

A newspaper suggests "One Hour Grace." We lost our appetite entirely at a social function a few weeks ago when it took a woman five minutes to say it.

Great beds of oyster shells have been found in the river near Hillspring, Alberta, and will be developed commercially as fertilizer, poultry feed and lime.

A Blairmore teacher told her class to draw a hen with five chicks. One of her pupils, Tommy, drew only the hen and one chick.

Teacher: "Tommy, I told you to draw five chicks. You have only drawn one. Where are the other four?"

Tommy: "Why, that's easy! Can't you even guess that? They're under the hen!"

Why is it that people who receive the least mail are always asking if there is a letter for them? Or, while in some schools in Alberta, Webster's dictionary is used, yet the pronunciation of words in that dictionary is repudiated by the teacher?

An Englishman touring Canada was staying at a wayside hotel. One night it was very cold, and the Englishman, feeling it pretty badly, came downstairs early next morning to get warm. At the same time a trapper, who had been out looking at his traps, came in at the door. Icebergs were hanging from his moustache, and with a pitying expression, the Englishman looked at him and exclaimed: "By jove, old man, what room did you sleep in?"—Utica Observer Dispatch.

How It Works

One of childhood's choicest queries has ever been and ever will be: "How does it work?" and it seemed a wholly thrilling idea to two young passengers, who recently travelled from Nottingham, England, to Lemberg, Sask., when Engineer Fred Munt, of the Canadian Pacific Railway, invited them into the cab of his huge "2800" type locomotive. The young travellers were Walter and Willie Wilson, aged 12 and 10 years, who journeyed alone from their grandmother's home in the Old Country to join their mother. They crossed the Atlantic in the Canadian Pacific liner Montclare and the Dominion on C. P. R. lines, making many friends and seeing many absorbing sights en route. Picture shows the interested pair and their kindly tutor in a brief explanation of the mysteries of the gauges of the great engine. And what boy, either in Canada or England, would not envy them?

From Our Own Correspondents

COWLEY HAPPENINGS

Sports sponsored by the Roman Catholic church, were held on the Cowley recreation grounds on Victoria Day, when the chief interest was centered on baseball. Tod Creek played the River Rats, winning from them with a score of 4-0. Next, Cowley and the Porcupine teams played, with a score 2-0 in favor of Cowley. The final game between Tod Creek and Cowley, resulted in Tod Creek winning 8-0. Refreshment booths placed on the grounds were kept busy selling hot dogs, ice cream and confectionery articles. In the evening, a well attended dance was held in the I.O.O.F. hall, when first-class music was furnished by the Arcadians' orchestra, of Blainville.

Although the day was cloudy and chilly, with a flurry of snow around noon, all functions were well attended, with each undertaking being successful. Harry Pratton and David Murphy were visitors to Waterton Lakes on Victoria Day, taking in the sports there. Inspector Bremner was visiting schools in this district during the past week. Austin Brownie, of Calgary, was renewing acquaintances in Cowley for a few days recently. Harry Hannan and two sons, Tom and Billie, spent Victoria Day as Cowley visitors. On Saturday afternoon, a children's party was staged at the Kaye home, in honor of Miss Edith's birthday. Mr. and Mrs. C. J. Bundy were Sunday visitors to Lethbridge. Mr. and Mrs. George Penn, of Lundbreck, paid a visit to Lethbridge over the week end. On Sunday afternoon, the Cowley baseball team visited Burns, when they played against the team there, losing to the tune of 16-2. Miss Doris Niven, of Lethbridge, paid a visit to Miss Netta Swart the early part of the week. Mr. and Mrs. Blanchard, of Burns,

were Tuesday visitors to Cowley.

At the Empire Day school sports, held at Pincher Creek, Jack Cowin, won one first and one second prize in foot races; Lloyd Morrison won third prize in foot race. Both of these lads attend the Cowley school.

HILLCREST HAPPENINGS

E. Cressman attended his mother's funeral last week in Didsbury.

Bill Richards left for Vancouver on Friday, where he is visiting with his brother.

Mr. and Mrs. Clare Smith, of Calgary, were visitors with Mr. and Mrs. F. J. Smith during the holiday. Mrs. J. Ironmonger returned last week from Vancouver, where she had been visiting.

Mrs. T. Morgan left on Monday evening for an extended visit to Wales.

Miss B. C. Selson and Miss N. Young were visitors in Fernie during the golf tournament.

J. Aitkin received severe injuries to his foot on Saturday last while playing football at Coleman.

The whist drive and dance, sponsored by the local softball club, was a great success. The early part of the evening was devoted to whist, honors being won as follows: ladies' first, Mrs. M. Lazarenko; consolation, Mrs. W. Makin; gentlemen' first, Adam Pollock; consolation, C. Carlsner. After supper, dancing continued till 2 a.m., the Blue-It orchestra supplying music.

D. Griffiths left for his home in the Old Country on Monday night.

W. Stevenson was a visitor to Fernie for the golf tournament.

Dr. and Mrs. G. B. Rose were Calgary visitors over the week end. Local footballers were defeated 2-0 by Coleman in Coleman on Saturday.

Mr. and Mrs. W. Adlam were Lethbridge visitors last week end.

The Bellevue Grade VIII girls were defeated by the locals at softball in Hillcrest on Friday.

The Communists held a meeting here on Sunday. A large crowd from Bellevue attended, but very little interest was manifested by Hillcrest people.

CORBIN HAPPENINGS

Corbin was given a real treat on Tuesday, May 17th, when the Coleman Glee Club came to town under the sponsorship of the Corbin Community Club. This concert is the first of its kind to be held in this district and was greatly appreciated by all music lovers. At 7.50, when the curtain rose, the B. & B. hall was crowded. After "O Canada," the party, consisting entirely of men, sang "The Soldiers' Chorus." Madam Thomas, a gold medalist in the Alberta musical festival, next rendered a soprano solo, entitled "The Ocean." Her sweet voice and pleasing manner took so well that she was not allowed to leave the stage before giving an encore. Mr. A. J. Phillips, double medalist in the Crows' Nest Pass musical festival, followed with a baritone solo, entitled "The Bugler." A pleasant break in the singing, with Mr. T. Hill playing a selection on the violin, came next. The Glee Party then, favored the audience with a chorus. George Hibbert, in his soft tenor voice, followed with a selection. "Enchantress," sung by Mrs. E. A. Davies in a throaty contralto voice, was followed with an encore. The male quartette, which came next, proved very popular. The Glee Party, with "Belleguered," finished the first half of the programme. After a ten-minute intermission, the Glee Party opened the second half of the programme by rendering the chorus, entitled "The Roman Soldier." A violin solo by Mr. Hill and a contralto solo by Mrs. Davies were followed by the Glee Party blending their voices in pleasant harmony in another selection. By special request, Madam Thomas then

sang an encored song in Welsh. The male quartette sang a selection that proved so popular that they were not allowed to retire before giving an encore. George Hibbert with a tenor solo, entitled "The Last Watch," was followed by Mr. Phillips singing "Shipmates of Mine" in his tenor baritone. The Glee Party then fittingly wound up the concert by rendering "Babylon's Wave." Mr. Booth, president of the Corbin Community Club, acted as chairman, and in an appropriate manner thanked the visiting artists on behalf of the citizens of Corbin. He also expressed the wish of all, when he hoped that we would have the pleasure of listening to the Coleman Glee Club again in the near future. Mr. J. Emmerson acted as conductor, while Messrs. J. Cousins and T. Beynon were the accompanying pianists.

At the present time, three dwellings are being erected here, and an up-to-date garage near the B. & B. hall for W. Rothell.

A severe thunder shower deluged the town on Saturday night last. The weather continued very unsettled and showery on Sunday.

The Corbin footballers went down to defeat before the Michel team on Michel ground Sunday to the tune of 4-0.

Mr. and Mrs. C. R. S. Shaw and small daughter Joan spent the week end at Calgary and Banff.

Miss Florence Cox, of the Pincher Creek teaching staff, spent the week end as guest of Mr. and Mrs. J. M. Barnes.

The Michel United church held a concert in the B. & B. hall on Friday last. Talented children were the principal entertainers for the evening.

BELLEVUE HAPPENINGS

Miss Juanita Cranston was hostess to a number of friends on Wednesday evening, the occasion being her birthday.

Bert Fisher, of Kimberley, spent a few days here, returning home on Sunday.

Mrs. Lamey and Mrs. Meade were bridge hostesses to a number of friends at Mrs. Lamey's home on Thursday evening.

S. J. Lamey has returned after a few weeks' visit to Creston.

The Bellevue Boy Scouts enjoyed hiking through the hills on Saturday, despite the bad weather.

Mr. and Mrs. D. Curry and Mr. and Mrs. J. Curry spent Monday and Tuesday in Lethbridge, guests of Mrs. Morrison.

Billie McLean and Walter Price are Lethbridge visitors for a few days.

Mr. and Mrs. J. Radford and James, and Mr. and Mrs. Robert Shevlin and Doreen were Lethbridge visitors on Monday.

Bellevue Veterans and Boy Scouts paraded to Blainville on Tuesday and took part in the patriotic demonstration.

Mrs. J. Fisher entertained a number of friends at bridge on Monday evening.

Mr. and Mrs. H. Barlaas were Waterton visitors on En-nire Day.

Charlie Connors lost the Cardston cup on Tuesday to J. Pratt, of Brant. Charlie has held the marathon trophy for two years and would have had it for keeps had he been successful this time.

Two Aberdonians were walking along the street when one stooped and picked up a 50-cent coin. The other borrowed it to have his eyes tested.

An old Indian brought a squaw to the reservation, minister, object: matrimony.

Preacher (to bride-to-be): Has your chief any property?

She shook her head.

Preacher: "And you, are you any better off?"

Again she shook her head.

Preacher: "What on earth are you getting married for?"

Bride-to-be: "Him got blanket, me got blanket, too cold sleep one blanket."

GREAT ENTERTAINMENT IN STORE

Ever see a living woman sawn in two? Or fourteen monkeys in an auto race? Or a guillotine execution? Or a white mahatma? These are but a few of the thousand and one thrills and wonders which outdoor amusement fans will experience when Conklin's All-Canadian Shows come to Blainville on Thursday next, opening a three-days' engagement for Canada's Premier Outdoor Amusement Organization, which will celebrate its eighth triumphant annual tour by presenting the greatest entertainment value of all time.

Never was there a more fascinating and varied cluster of tented sensations gathered from all parts of the world into one big unit, and everything brand new. There will be ten amazing side shows, including monkey autosome, palace of illusions, world's museum of freaks, war relics, death on the guillotine, European mysteries, etc. Six of the latest and greatest rides, including that last word in thrillers, the Lindy Loop (the only one in Canada), and scores of other fast and furious novelties.

Soon the big show train will roll into town with its cargo of cures for depressionists. Soon the song of the calypso will be heard in the land, and the lights, flags, music, glamor, wonder and thrills of Canada's largest tented city will beckon to one and all, young and old, to join in the fun of the fair.

There will be a Children's Day, when each and every attraction will be open to the kiddies at specially reduced prices.

PLANS LAID FOR ROAD OPENING

More than one thousand automobiles, it is expected in Winnipeg, will take part in the official opening of the Manitoba-Ontario section of the trans-Canada highway on July 1st. A motorcade from Winnipeg to Kenora is being organized with John Roe, of the North West Commercial Travelers' Association, as chief marshal. Mr. Roe believes that 500 members of his own organization will make the trip for the historic ceremony and that many members of the Winnipeg service clubs and other organizations will participate. Winnipeg Shriners to the number of about 25 carloads, will be joined by about 125 more from various Shrine Temples in North Dakota and Minnesota. Preparations for this event reveal an interest in the trans-Canada highway that many easterners have not suspected.

Local Girl (to her father): "I don't know what the young man's intentions are—he's been keeping me pretty much in the dark."

A. J. Hedrix, editor of the Twin City Advocate at Sweet Grass, died from bullet wounds, allegedly inflicted by one Frank Nevills, aged sixty.

ADVANCED FEATURES...YES!

But Chevrolet Also Gives You PROVED DESIGN

Of course, you want the new advancements in the car you buy today—easy gear-shifting—free wheeling—smoother, more powerful performance—better riding qualities! And you get them all in the Chevrolet Six—plus proved design. That is why the Chevrolet type of "economical transportation" is so much more enjoyable and satisfying.

Chevrolet is the lowest-priced car on the market combining Silent Synchro-Mesh Shifting with Free Wheeling! Chevrolet gives you easy-going speed, and more power for acceleration, when you need it most. The Chevrolet engine is mounted on thick rubber blocks, utilizing the most modern method of preventing vibration of body, fenders and doors! Only the Chevrolet Six in the low price field offers you the extra roominess and style of body by Fisher! The sturdy foundation of Chevrolet riding comfort is a long, strong frame with four modern, lengthwise-mounted springs and four Lovejoy shock absorbers!

And Chevrolet's balanced six-cylinder design—as well as every other vital part of the car—has been proved reliable by more than 2,000,000 owners, in billions of miles of service! Chevrolet long ago pioneered the six-cylinder engine in the low price field because this type of power plant strikes a perfect balance of smoothness and economy.

Nothing less than six cylinders can give multi-cylinder smoothness—anything more than a Six would mean a sacrifice of economy. It is a fact that the Chevrolet Six costs less for gasoline, oil and upkeep than any other full-size car! It costs less to own, too—at its new, reduced prices. Your present car will probably take care of the down payment, and you can pay the balance in easy instalments over a period of months. C2-24

DAIL PASSES ACT TO ABOLISH THE ALLEGIANCE OATH

Dublin, Ireland.—Abolition of the parliamentary oath of allegiance to the British crown was given approval of the Dail Eireann, despite a desperate eleventh hour attempt to prevent President Eamon de Valera's bill being written into the statute books. The Dail, by a vote of 77 to 69, gave final approval to all four sections of the measure.

Voicing unqualified opposition, J. MacDonnelt, Independent, claimed the bill should be withdrawn until after the Imperial Economic Conference at Ottawa in July. He charged de Valera with harboring "twisted hatred against the late administration of President W. T. Cosgrave and against England."

"Removal of the oath is a domestic matter," stated President de Valera in a brief speech winding up the debate. No sensible person, he asserted, would suggest the bill represented an act of severance of the Free State from the Empire.

The bill provides, besides abolition of the oath, three other constitutional changes.

Of these the most contentious is the second section, which repeals the second part of the constitution which provided that anything in the constitution of the Free State repugnant to terms of the Anglo-Irish treaty should be null and void.

Long and bitter debate preceded final passage of the bill, with party lines holding intact on each division in the chamber. The Labor group, whose attitude remained somewhat in doubt up to the time debate started, voted solidly with the government.

The first division came on an amendment put forward by Patrick McGilligan, supporter of William T. Cosgrave. After a sharp discussion the government emerged victorious with a majority of eight, the majority it obtained on the second amendment and on the final vote.

Mr. McGilligan urged abandonment of the second section of the bill. He said President de Valera, by his election last March, had obtained a mandate from the people to abolish the oath, but not to make the constitution override the Anglo-Irish treaty.

Taking the oath of allegiance, Mr. de Valera insisted, was not obligatory unless the Free State made it so by domestic legislation.

The whole question, the president declared, lay in whether or not the Free State was on a level with other countries in the British commonwealth of nations. Other dominions, he said, could remove the oath if they wished. "We have the same right and we are going to remove the oath," he emphasized. "It is in our interest to do so. The people want it removed and we will give effect to their will. We are doing it without any violation of the treaty."

Spain Requires Wheat

Government Carrying On Negotiations For Large Purchases

Madrid, Spain.—Spanish officials said the Spanish Government had approached local branches of foreign banks in an attempt to arrange payment for the contemplated importation of 100,000 tons (about 3,733,000 bushels) of wheat.

The result of the negotiations was not known, but the government wants to spread the payment over periods of three, six and nine months, it was understood, the wheat to be bought from Canada, the United States and Argentina.

Banking circles said a government decree ordering the purchase of the wheat, expected soon, would bring Spain's total importations to 200,000 tons (about 7,466,000 bushels), but that it probably would be necessary to import another 200,000 tons before the new crop is available in July, since the domestic supply is exhausted.

Thinks Judges Underpaid

Ottawa, Ont.—Canadian judges are too numerous and underpaid, Premier R. B. Bennett told the House of Commons. The judiciary as a whole does not reflect the genius of the legal profession from which it is recruited, and in too many instances political patronage, rather than individual merit, has elevated a man to the bench.

Six hundred firms had exhibits at this year's agricultural implement salon in Paris.

Germany exported more shoes last year than in any twelve-month period since 1913.

W. M. U. 1943

Doukhobors Protest

Write Letter To Press and Send Message To The Hague

Vancouver, B.C.—Doukhobors facing imprisonment for nude parading have written to the press and various public organizations, including the "anti-militaristic bureau of The Hague," protesting against their treatment.

In a letter to a local newspaper, the Doukhobors state:

"It is a tragedy when one misunderstands another. And this is just what is happening today, without any cause whatever. Innocent people are being sentenced to three years' imprisonment."

"We know that truth is bought on Golgotha, and will ever remain there. We forgive everybody who has mistreated us. But when we come to our children and their mothers, this is where we stop and say 'There is no excuse for civilized people to force others into conditions that they are not able to bear. The whole world has been aroused by the Lindbergh case. But what is going on in Nelson? This is worse than kidnapping—a drama full of man's inhumanity to man.'"

Representatives of the Doukhobors have sent a cablegram to the "anti-militaristic bureau at The Hague," protesting against their treatment.

"We Doukhobors—Sons of Freedom of Canada—appeal to you," runs the message. "Please raise your voice in the name of trampled truth. Seven hundred in jail. More than half already sentenced to three years' imprisonment. The same conviction awaits the rest—just for appearing nude in protest against brutality. Our children, terribly taken away from their mothers. Please, take this matter seriously, or you will be guilty before God and all idealists. Remember our struggle is truth. If you are brothers of same faith you can not be silent."

(Signed) Sons of Freedom.

Hunting For "Baychino"

Another Airplane May Enter Search For Deserted Fur Ship

Point Barrow, Alaska.—A double aerial search for the "Baychino," fur trading vessel anchored off the Arctic Coast, is in progress here.

Pilot William R. Graham and Mrs. Edna Christofferson, Portland, Ore., aviators, surveyed 1,000 square miles of the rough ice pack without giving the missing ship, which they believe carries a valuable cargo of furs.

Pilot Joe Crosson, noted northern aviator here—with a motion picture cameraman on a scouting expedition, also said he might make exploratory flights in search of the "Baychino."

Seattle, Wash.—To replace the steamship "Baychino," lost along the Alaska coast in the ice floes off the coast of the north, the Danish Motorship "Karlie" will sail from here in June for the Canadian Arctic via Vancouver, B.C.

The "Karlie" was chartered by the Hudson's Bay Company from the Swenson Fur Trading Company for a voyage to Herschel Island and other Canadian Arctic posts. She will be manned by Canadian officers and crew.

Low Rates On Grain

Transportation Of Grain From Port William To Montreal Cheapest Ever

Montreal, Que.—The Gazette published the following: New record low rates of 3 1/2 cents a bushel for the transportation of grain from Port William to Montreal have been accepted during the last two days. It was announced 10 days ago that five cents a bushel was being offered and accepted, and there was a report that a rate of 4 1/2 cents was even offered. Since then the situation has dropped from 'bad to worse' and several shippers have decided to lay-up their vessels rather than operate them at a loss.

"Through small steamers are carrying grain at this abnormally low figure, it is maintained that no mathematical computations or calculations will enable their owners to produce a profit from the operation. It is even said grain cannot be carried profitably at seven cents a bushel, though several firms decided to continue accepting the lower rate in the hope that the situation would improve during the season."

Arrest Communists

Hamburg, Germany.—Eight hundred Young Communists were arrested here for displaying Communist flags and signs at a picnic. They were released after they had been booked at police headquarters. The police had granted permission for the picnic on conditions there be no Communist banners or signs.

Bombay Riots

Hindus and Moslems Continue To Engage In Street Battles

Bombay, India.—Fresh sporadic rioting between Hindus and Moslems broke out in Bombay, despite the presence of alert British soldiers, and before it was checked 11 more persons had been killed and 98 injured.

Thus the toll of the communal fighting, which has flared intermittently for some days, rose to 99 dead and 948 wounded.

British troops frequently opened fire to check occasional street battles. There was still some looting, but the authorities expressed confidence that they were gaining control of the city through the energetic action of the soldiers.

Irish Free State

Will Be Represented

Eamon De Valera Is To Attend Ottawa Conference

Dublin, Irish Free State.—President Eamon de Valera of the Irish Free State said he would personally attend the Ottawa Imperial Economic Conference in July if government business did not interfere.

The president did not name other members of the Free State representation, although he said it was likely three ministers of his government would accompany him.

MANITOBA IS NOT IN FAVOR OF A WHEAT QUOTA

Winnipeg, Man.—Establishment of a wheat quota at the Ottawa Imperial Economic Conference would not be in the best interests of wheat producers, although sale of western wheat is of the utmost importance. This was the chief of six points agreed upon at a conference of Manitoba agricultural interests called by Premier John Bracken to formulate Manitoba's views for submission to the Dominion Government prior to the conference.

Other points agreed upon were: Stabilization of exchange is important.

Wider markets are necessary for all varieties of Canadian farm produce.

An Empire intelligence marketing board is desirable.

Wider facilities should be provided for the distribution of British films throughout Canada.

Canadian delegates at the Imperial Conference should be asked to give preference to British goods most needed by Canadian consumers such as woolen goods, household articles, textiles, boots and shoes, seeds and plants.

A special committee was appointed to draft the suggestions and instructed to sit in with a conference to be held of representatives of boards of trade and industries other than agriculture. Findings of both Manitoba conferences will first be laid before a conference of the four western provinces at Regina June 20, when a submission embodying the viewpoint of western Canada generally will be prepared.

ENGLAND'S NEW AMATEUR (CLOSE) CHAMPION DRIVING

Here is Eric Fiddler, the winner of the English Amateur (Close) Golf Championship at St. George's Sandwich, Kent, driving from the fifteenth tee in the final round of the series. He defeated A. Stuart Bradshaw by one hole.

ARE YOU LISTENING?

Foster Hewitt, Canadian radio announcer, who is believed to be the dean of radio announcers on this continent. He has been broadcasting since 1922 and is considered one of the best sports announcers on the air.

U.S. Senate Refuses

To Legalize Beer

First Senate Roll Call Brings Overwhelming Defeat

Washington.—The United States senate has refused to legalize beer. The first senate roll call for beer since prohibition brought overwhelming defeat. The main vote was on an amendment by Senator Tydings, Democrat, Missouri, to the repeal bill to legalize 2.5 beer and tax it 24 cents a gallon to help finance a \$1,500,000,000 public construction program.

Just previously the senate had turned down—60 to 23—a proposal by Senator Bingham, Republican, Connecticut, to alter the Tydings amendment to make it allow four per cent alcohol content.

Eleven Democrats voted with 12 Republicans for the Bingham four per cent amendment.

An International Park

Waterton Lakes Park In Alberta, To Be Internationalized

Ottawa, Ont.—A bill designed to make the Waterton Lakes National Park, in Alberta, a portion of the Waterton-Glacier International Park, was given first reading in the House of Commons. Hon. T. G. Murphy, Minister of the Interior, sponsoring the bill, said the Waterton Lakes Park adjoined the Glacier Park, a United States property in Montana. Some time ago the United States government had suggested that the two parks be regarded as an international park and had passed legislation to that end.

Verdict Of Accidental Death

Southampton, England.—A verdict of accidental death was entered by a coroner's jury inquiring into circumstances surrounding the death of Earl of Egmont, former Friddals, Alberta, rancher, who died from injuries suffered in an automobile accident. Viscount Percival, the earl's 17-year-old son and heir, was not present at the inquest.

Churchill Cattle Shipment

Expected Cattle Cargo To Leave Early In August

Churchill, Man.—The first boat to arrive here this summer will return with a shipment of cattle to Europe. While arrangements have been made for the shipping of 2,000,000 bushels of grain via Hudson Bay, the cattle cargo is likely to leave here early in August, before the wheat shipments start.

It is stated here a stockyard will be constructed near the dock. Hay will be brought here from The Pas.

Saskatoon, Sask.—The possibility of huge shipments of wheat through Churchill to the Spillers Ltd. Mills, at Cardiff and London, England, was disclosed in a statement issued by James M. Stevenson, K.C., president of the Board of Trade. Mr. Stevenson said that negotiations had been opened with the British milling firm through the trade through Churchill committee of the Board of Trade.

Tariffs Hurt Trade

No Inclination On Canada's Part To Enlarge Trade With U.S.

San Francisco.—W. L. McGregor, president of the Canadian Chamber of Commerce, told the annual meeting of the United States Chamber of Commerce that in the face of existing American tariff laws there is no inclination on Canada's part to enlarge its trade with the United States.

Mr. McGregor said he was not entirely satisfied in his own mind that the commercial treatment Canada had been accorded at Washington was in conformity with enlightened business opinion in the United States. If United States business interests are not satisfied with the present economic relationship between their country and Canada, he suggested, they might make themselves a little more articulate on the subject.

OUR NATIONAL RADIO TO BE BEST IN WORLD

Ottawa, Ont.—Harmony reigned in the House of Commons when the radio control bill was under review. Party lines were forgotten, suggestions and advice flew back and forth across the chamber and in complete unanimity the measure was given second reading and all but one or two clauses passed through committee.

The bill would establish a Canadian radio broadcasting commission to control a nationalized system of radio. With headquarters in Ottawa and branches all over throughout the Dominion, the commission of three would regulate broadcasting through its own chain of stations from coast to coast.

Premier R. B. Bennett, sponsor of the bill, said he was designed to give Canadian radio a broadcasting system "not excelled elsewhere in the world." It would assure Canadian control of Canadian broadcasting, free from foreign interference or influence.

Tentative salaries of \$12,000 a year for the chairman and \$10,000 each for the commissioners, were suggested by the Prime Minister. One commissioner will be French-speaking and one will be a radio engineer, possessing the necessary technical training. The commission, said Mr. Bennett, should be composed of men "with an excellent appreciation and understanding of the value of broadcasting to the nation and should have some understanding of what is pleasing to the major part of the people of this country in the form of programmes."

Indicating the harmony and co-operation that reigned throughout the discussion, the Prime Minister, insisting that politics play no part in selecting the personnel of the commission, suggested to the Liberals they present a list of men acceptable to them. A further indication of this unusual spirit came when the Prime Minister asked for suggested penalties for infractions of broadcasting regulations and adopted the proposals of Major C. G. Power, Lib., Quebec South.

The provinces, the Prime Minister announced, will have something to say over programme selections. Members of the commission must devote their full time to the work. They will be barred from having any private business, especially relating to radio or broadcasting. Upon retirement, they will receive pensions. The chairman will hold office for 10 years, the vice-chairman for eight years and the commissioner for eight.

With an eye to the future, it was incorporated in the bill that control of television, other scientific developments, also would be placed under the commission.

FOR SEPARATE GRADING OF GARNET WHEAT

Ottawa, Ont.—The recommendations of the Grain Standards Board in 1931 for a separate grading of Garnet wheat, are endorsed by the agricultural committee of the House of Commons in a report submitted to the House to take effect for the crop of 1933-34. The board is given a free hand, however, to make changes in the proposed standards if it finds conditions warrant it. The report reads:

"Your committee in view of the evidence presented before them, a printed copy of which is herewith presented to the House, present the following recommendations:

"Your committee recommends that the Canada Grain Act be amended to make operative for the crop year 1933-34 the recommendation of the Western Canadian Standards Board, insofar as it relates to the grading of Garnet wheat as contained in the annual report of the Board of Grain Commissioners for Canada for the year 1931. Provided that the said amendment shall have force and effect for the crop year 1933-34, unless the said board shall, after giving due consideration to the evidence given before your committee and conditions then existing, establish standards for the grading of Garnet wheat for the said crop year. Different standards for the standards recommended by the said report of 1931.

"Your committee further recommends that 1,000 copies of this report and the evidence on which it is based be printed in blue book form for distribution to the growers of Garnet wheat so that they may be more fully advised of the intended change in the Canada Grain Act."

The report was presented by Mr. C. S. Senn (Cons., Hamilton), who was chairman of the committee.

In the agricultural committee Hon. W. R. Motherwell, former Minister of Agriculture, moved an amendment to the report. It was seconded by Dr. Donnelly (Lib., Winnipeg Rural). "I asked the committee to declare that 'no change in the grading of Garnet wheat has been shown to be either desirable or advisable at the present time. Particularly in the interest of stability of grades and grain prices in world markets, so long as quality is preserved, and also in the best interests of many already over disturbed and hard pressed producers even in high production areas.'"

The amendment was defeated but will likely be moved again when the report is up for concurrence.

Politics In Manitoba

Continuing Liberals Repudiate Alliance With Bracken Party

Winnipeg, Man.—Things are moving in Manitoba's political arena. With the Manitoba general election less than four weeks away, all parties are actively working on schemes to lure the elector to mark his ballot the right way.

Definite assurance that the Liberal Party would be a factor in the election came when 114 insurgent or continuing Liberals met in convention here and repudiated the alliance made with the Progressive Government forces of Premier John Bracken, made by Dr. Murdoch MacKay, Liberal Leader, and the official Liberal organization. Attacking the Bracken government as a "class" administration, the Liberals determined to carry the banner of Laurier into the field.

At the same time the official Liberals and the Progressives held a convention at which they drew up a platform. Both Premiers Bracken and Dr. MacKay addressed the gathering and stressed the harmony prevailing between the two groups since the alliance was made. Mr. Bracken incidentally announced the names of two Liberals who would be appointed to his cabinet would be made known shortly.

The Liberal-Progressive platform calls for a policy designed to meet changed economic conditions. Many of the steps already taken by the Bracken government are commended. Reduction in government expenditure, but all possible steps to aid primary producers and business generally, are favored.

David Campbell, K.C., was chosen leader of the continuing Liberals at their convention. They plan to place some 35 to 40 candidates in the field for the 55 seats in the legislature.

Bank President Shot

Ipawich, S.D.—Three robbers held up the bank of Ipawich, shot the president of the bank, and then fled with an undetermined amount of money.

Local and General Items

Mr. and Mrs. R. G. Foot were visitors to Lethbridge the early part of the week.

Mr. D. F. Alexander, of Fernie, has opened up a vulcanising department in the garage of Red Trail Motors.

Mr. and Mrs. "Dick" Harrison were down from Michel on Monday morning.

A dance will be staged at the Lake Pavilion on Saturday night, Mr. Morency announces.

In the softball contest here, on Tuesday afternoon, Blairmore girls lost to Maple Leaf 23-22.

Gordon Steeves and family had his mother and sister Ruby, of Calgary, as guests over the holiday.

When Fred Green heard that men were prepared to do picketing, he invited them down to help put up his new fence.

The regular monthly meeting of the Blairmore Board of School Trustees will be held this evening, at 7 o'clock.

Mr. and Mrs. Arthur Ennis are rejoicing over the advent of a new daughter, which arrived about three weeks ago.

Mr. and Mrs. M. H. Congdon were week end visitors at Clarke's Fork, Idaho, with the latter's parents, Mr. and Mrs. A. McLeod.

J. E. Gillis, as state deputy, attended the State Council session of the Knights of Columbus at Lethbridge last week end.

During the past week Coleman miners have taken a stand for work, and some are now working. Blairmore and Bellevue, however, are still unsettled.

Striking miners of this district won considerable sympathy and respect from The Pass public when they undertook to forget their red banners and carry Union Jacks in their Monday's procession.

Mr. and Mrs. Arthur Shearer were down from Kimberley last week end. Mr. Shearer returned to Kimberley the early part of the week, while Mrs. Shearer is holidaying with her daughter, Mrs. Gale, at the mill.

The action of the Blairmore town council in threatening at this time to cut off water and light where accounts are more than thirty days overdue, seems rather drastic, when we consider that less than five per cent of the men are employed or have an income. It is poor business, to say the least, not only from a monetary standpoint, but also from the point of health and protection from fire.

You'll laugh till you cry! It's all about a bachelor father who suddenly strikes oil in his own back yard, and an old lady gold-digger with a beautiful daughter—and "Slim" Summer-ville and Zasu Pitta. And that's enough to make laughs anywhere! See it at Cole's Theatre Monday, Tuesday and Wednesday: "The Unexpected Father." Other artists are Cora Sue Collins, Dorothy Christy. The story by Dale Van Every is directed by Thornton U. Freeland and produced by Carl Laemmle, junior.

The news of the sudden death of Rev. J. F. Knight came as a great shock to residents of Nanton on Thursday morning last. But a few days previous, Mr. and Mrs. Knight had returned from Edmonton, where they attended the convocation of the University of Alberta, when their son Harold graduated with the degree of B.Sc. On the morning of his death, he was apparently in good health and had met the northbound train, passing away fifteen minutes after returning to his home. He was fifty-five years of age and a native of Huron, Ontario. He is survived by his wife and four children, Harold, Charles, Lawrence and Betty.

Stop Using Soda!

Bad For Stomach
Much soda disturbs digestion. For sour stomach and gas, Adlerika is far better. One dose will rid you of bowel poisons which cause gas and bad sleep. Blairmore Pharmacy.

LOCAL A.T.A. FORMED

Following a good-will visit from Mr. J. W. Barnett, general secretary of the Alberta Teachers' Alliance, when he addressed the teachers of the Blairmore school on the aims and objects of the alliance, and the need of teachers for an organization, a local of the A.T.A. was formed, and, although the membership does not include the complete personnel of the teaching staff, it is expected that all will have joined before the next meeting.

At the first meeting of the local, held on May 17th, a very lively interest was shown in the activities of the A.T.A., and in pedagogic matters in general. The subsequent meetings will be held on the first Tuesday of each month in the staff room of the school.

An executive was elected as follows: Mr. S. White, president; Miss Barbara Valetsko, vice-president; Miss Kathleen Tompkins, secretary-treasurer; Mrs. C. Fleming, press representative; Mr. D. McPherson (principal), representative to the School Board.

BLAIRMORE PUBLIC LIBRARY

Books being placed on the shelves this week are:

"John Verney," by H. A. Vachell; "The Clue," by Carolyn Wells; "More Linehouse Nights," by Thomas Burke; "Tales from the Odyssey," by Perry; "The Call of the Canyon," by Zane Grey; "The Sky-Man," by Webster; "Golden Canon," by G. A. Henry; "Motor Cycle Chums in the Goldfields," by Payson; "Dropped from the Clouds," by Jules Verne; "Frank's Campaign," by Alger; "Four Great Preachers."

The library hours are Tuesdays and Thursdays from 7 to 9 p.m., and Saturdays from 7 to 10 p.m. The fees are \$1.00 per year for residents and \$2.00 per year for non-residents.

"I wish I knew how to make a barrel of money," sighed the Little Man. "That's easy," replied the Big Man. "Spend a half a barrel of money in advertising and you'll soon have a barrel of money."

A big rally of members from Kimberley, Cranbrook, Blairmore and other points is expected at a special session of Kootenay Encampment No. 176, I.O.O.F., at Natal on Saturday evening. The Patriarchal Degree will be conferred upon a class of candidates, to be followed by a social hour.

Before May 24th, we figured we had heard all of Harvey Murphy's real names and aliases, but on that day heard sufficient more to fill a small column. Some of them, of course, are not fit to print and would have better been kept inside the lips, but others were quite pointed and well repaid Murphy for his slams at those who considered it their duty to display loyalty to their country and the flag of the Empire.

IN MEMORIAM

In loving memory of our dear Son, Edward Ennis, who passed away May 25, 1930.

Sad and sudden was the call
Of our dear Son, loved by all;
We little thought that on that day,
He would so soon be called away.
Two years have gone our hearts
Still sore;
As time goes on we miss him more.
His welcome smile and cheerful face—
No one can ever fill his place.

"Some may think that we forget him,
When at times they see us smile,
But they little know the sorrow
That is hidden all the while."

Sadly missed by father, mother, brothers and sisters.
